REPORT NO. 92-22

TO

CURRITUCK COUNTY  
ALBEMARLE--PAMLICO ESTUARINE STUDY  
US Environmental Protection Agency, National Estuary Program  
NC Department of Environment, Health, and Natural Resources

The research on which this report is based was financed in part by the United States Environmental Protection Agency and the North Carolina Department of Environment, Health, and Natural Resources through the Albemarle-Pamlico Estuarine Study, and by Currituck County.

Contents of this publication do not necessarily reflect the views and policies of the United States Environmental Protection Agency, the North Carolina Department of Environment, Health, and Natural Resources, or Currituck County. Nor does mention of trade names or commercial products constitute their endorsement by any of these government agencies.
